Projects

E-commerce website | HTML, *CSS, JavaScript* **January 2023**

https://github.com/aaryann20/Ecomm-web

I developed a dynamic e-commerce website using HTML, CSS, and JavaScript. The site features a responsive design, user-friendly navigation, and interactive elements to enhance the shopping experience. Key functionalities include a product catalogue, shopping cart, user authentication, and order management. The project showcases my skills in front-end development and demonstrates my ability to create engaging web applications.
